

source about three miles above the settlement known as and called Pine Valley, in the northern part of Washington County, in the State of Utah, and flowing thence in a southerly direction until it empties into the Rio Virgin River, in the southern part of the said County, and about two miles below the City of St. George, and its waters are being, and for many years last past have been, divided, appropriated and used by the plaintiff and the defendants herein according to their respective rights, as hereinafter set forth.

3. That the said Santa Clara Creek is fed by ~~xana~~ numerous springs and tributaries that empty into it below the said settlement known as and called Pine Valley.

4. That prior to the year 1878, all of the waters of said Santa Clara Creek, in said County, including all its tributaries in said County, were appropriated and used, and ever since have been used, by the plaintiff and the defendants herein, or their predecessors in interest.

5. That the waters of said Santa Clara Creek have been divided and used for irrigating, domestic and other beneficial purposes by the parties to this action, in the following proportions, to-wit:

The defendant, Santa Clara Field Canal Company, has used and is now entitled to use One Hundred (100) inches of the waters of the said Santa Clara Creek, to be measured and determined by multiplying the depth of the water in its canal by the width thereof, by weir measurement, having a four (4) inch head for domestic and town purposes, for such length of time each day as will afford it sufficient water for said purposes when economically used;

The defendant, Gunlock Irrigation Company has used and appropriated, and is entitled to use, Thirty (30) inches of the waters of said Santa Clara Creek, measured in the method last described, for domestic and town purposes, for such length of time each day as will afford it sufficient water for said purposes when economically used;

The defendant, Pine Valley Irrigation Company, has used and appropriated, and is entitled to use four-sevenths ($\frac{4}{7}$) of the volume of the waters of said Santa Clara Creek, where it runs through said Pine Valley;

The defendant, Parth a Ann Hunt, has used and appropriated, and is entitled to use one-seventh ($\frac{1}{7}$) of the residue of the waters of said Santa Clara Creek for fifteen (15) hours during each calendar week;

The defendant, Charles F. Foster, has used and appropriated, and is entitled to use one-seventh ($\frac{1}{7}$) of the residue of the waters of said Santa Clara
